FAMILY COTTAGE – The two-bedroom family cottages have been completely renovated and feature gas fireplaces, cable television, DVD/VCR, and new furnishings and furniture. They retain their rustic charm inside with wooden paneling and comfortable furniture while providing all of the luxuries of a modern lodge, including central heat & air-conditioning and free wireless internet. One bedroom has a queen-size bed. The second bedroom has a bunk bed with a double bed on the bottom, a single on top, and a single pull out trundle. The screened-in porch holds a picnic table and additional seating. Located about a mile from the lodge, the cabins are in a wooded setting with easy access to all the park has to offer; including indoor and outdoor swimming pools, game room, restaurant and lounge, 635 acre Acton lake, paintball & disc golf course and 18-hole championship golf course. Each cottage is equipped with a charcoal grill and fire ring. Bundled firewood and other bonfire supplies are available at the front desk and in our gift shop.

COUPLES COTTAGES - The charming one room efficiency cottage can sleep three people with a double bed, and a large chair that folds out into a single bed. They all feature a gas fireplace, cable television, DVD/VCR, free wireless internet and fully equipped kitchens, including coffee maker, toaster, and microwave. Although there is no porch, some of the cottages are located on the edge of Acton Lake, providing some of the best views of any of the cottages. Each cottage is equipped with a charcoal grill and fire ring. Bundled firewood and other bonfire supplies are available at the front desk and in our gift shop.

PLEASE NOTE: Cottages do not have washer, dryer, or dishwasher. Housekeeping services are not available at the cottages; linen exchange is on Wednesday for weekly rentals.
